Handling of the rented material

The lessee is responsible for the users and that they handle the equipment in a correct manner. That is:

- Only people of 12 years and older use the rented equipment.
- All bows are strung and unstrung with the provided stringers. Stringing by feet is not allowed.

- Helmets are not touched at the vision window.
- Users will not bend arrows and will not stab or beat others with it.
- Users will only draw a bow with a knocked arrow (dry firing is strictly prohibited)
- Bunkers are placed on suitable terrain which is free from sharp objects. The bunkers are placed in such a way that they will not fall over.

After the lessee used the equipment and handed it back to the lessor, the lessor will check the equipment and repair or replace equipment if needed. To keep the material clean and hygienic the lessor will disinfect all helmets.

Deposit

The lessee is obligated to pay a deposit of €200 with the payment of the rental price. If all rented equipment is handed back in good conditions and without damage or any missing parts, the deposit will be fully refunded.

For every damaged or missing element the following amounts are subtracted from the refunded deposit:

Bunker: €80

Stringer: €10

Arrows: €5 per arrow, when two or more arrows are damaged or lost.

All other equipment: in consultation with the lessor.

Safety

For the safety of all users the WAC strongly recommends to only play dodgeball variants with the rented material. Variants like capture the flag or free for all are strongly discouraged due to the speed of the arrows, the orientation and the distance of the user relative to their target, and the possible increased chance of injury. Specific game rules and field dimensions can be consulted with the lessor.

To guarantee the safety of the users the following safety measures apply then playing archery tag:

- Access to the playing field only while wearing a helmet.
- Do not aim at somebody's head on purpose.
- Never shoot at someone within 5 metres distance, or at someone who turned their back to you.
- Make it clear to every user that in case of emergency, they have to hold up their bow in the air. Upon this sign, the game is paused immediately.

Also with these safety measures a hit by an arrow can still hurt. Be aware of this.

Liability

The WAC is not liable for any form of damage or injury received while using the rented material.

The WAC is not liable for any problems that occur due to the practice of archery tag on a not suitable location.
